REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

FROM THF RECORDS OF 1865

Laying of the Corner Stone of First Episcopal Church Building in San Mateo County.

At a few minutes before 1 o'clock on the afternoon of October 7th, 1865, this section was visited by the most severe shock or earthquake said to have been recorded since the days of '49. Apparently all portions of the State suffered to a considerable degree, the most serious effects being noticed in San Francisco. In this vicinity considerable excitement and alarm was caused, but the only building to suffer serious damage was the Courthouse, where the plaster was shaken from the walls of the upper story and the front wall of the building sprung considerably out of its perpendicular.

On the 21st of October, at San Mateo there was laid the corner stone of the first Episcopal Church building in San Mateo County, with most imprerssive ceremonies, attended by a number of distinguished visiting clergymen and other people interested in upbuilding of the parish. The ceremonies were conducted by Rev. C. B. Wyatt, rector of Trinity Church, San Franaisco, who officiated in the absence of Right Rev. Bishop Kip, and the discourse was delivered by Rev. Giles A. Eaton, who was the first missionary of the Episcopal Church to this vicinity. Among the participants in the services were Rev. A. L. Brewer, rector of the parish; Rev. H. Goodwin, Rev. C. F. Loop, Rev. W. H. Story and Rev. D. E. Willis. Among the spectators were a number of prominent people of San Francisco who had taken an interest in the enterprise and assisted in raising the required funds, as well as many residents from various parts of the county. The corner stone contained a copper box, in which was deposited a number of the records of the church, copies of the San Francisco daily papers of that day and the day previous, papers containing the telegraphic news of the assassination of President Lincoln, the surrender of Lee and the occupation of Richmond. There was also deposited a statement, written on parchment, giving a history of the organization of the church and parish, a list of the subscribers to the building fund, the names of the officers of the church and those interested in the building of the edifice. The site for the church building, which contained two acres situated on the county road a short distance north of the bridge over San Mateo Creek, was donated by George H. Howard, while the residents of the vicinity contributed liberally toward the building fund. The following description of the building is taken from the Gazette of November 4th: "The building is in the gothic style of architecture; the walls of rublestone masonry; the windows mullioned and the heads filled with geometrical tracings. The roof will be open framed, the material dressed smooth and varnished; the wood selected to contrast in color, no paint being used internally. The chancel window will be the gift of Aon. H. P. Baldwin, of Detroit, Michigan, who passed a few months in this state in 1863, a portion of the time in San Mateo County, and whose generous gift is a souvenir that will keep the the memory of him bright so long as upon the altar beneath it is cast its dim religious light." The architect of the building was A. H. Jordan, and the auditorium was designed to have a seating capacity of 200 persons. It was intended to have the building ready for the dedication services by the 1st of the following March.

On the 31st of October there occurred the death of Kate, the wife of Dr. S. S. Stambaugh, after a lingering illness. Deceased came here from Ohio as a bride less than a year before her death, and was just in the bud of her young womanhood.

On the 7th of December a rather daring robberry occurred in this place, the robber escaping but getting no profit from his dastardly work. About 6 o'clock that evening, as G. R. Warren, the local agent for the Railroad Company, was going from the depot to his home in the western part of the town, he was assaulted by some unknown individual and knocked senseless with a slungshot. The ticket box which he was carrying with him and which contained about $35 in cash and the supply of railroad tickets for the office, was siezed by the robber, who in his anxiety to make a hasty retreat made such a noise as to attract the attention of Mr. Warren's son, who happened to be in the vicinity, and who immediately divined the true state of affairs and gave chase to the robber. In the flight the box was dropped and recovered by the pursuer. The robber however made good his escape.

In the latter part of December a movement was started looking to the formation of a company for the purpose of building a large hotel in this town. The design was to purchase the home property of Dr. A. T. McClure, centrally situated for the purpose, and to erect a large three-story building.

At the meeting of the local Masonic lodge, then known as San Mateo Lodge No. 168, officers for the year were installed as follows: T. W. Lathrop, worshipful master; S. W. Cook, senior warden; Andrew Teague, junior warden; T. H. Noble, treasurer; John Ames, secretary; Nelson Dennis senior deacon; John Donnelly, junior deacon; William A. Clark and O. Smoot, stewards; William Callaghan, tyler. The installation ceremonies were conducted by Past Masters T. L. Barnes and F. E. Bartlett.

Salary Case in Appellate Court.

The District Court of Appeals has fixed next Monday to hear arguments in the suit brought by the county recorder's office to compel the auditor to draw his warrant for the increased salary that was allowed by Assemblyman Holmquist's bill passed by the late Legislature. The amount involved is $1,600 per year. Should the Recorder's office be successful in the suit the auditor and county clerk will also be entitled to extra compensation provided by the same law. The case is being watched with much interest throughout the state as at least three-fourths of the counties have had similiar bills passed raising the salaries of their officers.

San Mateo Boys Won.

Last Friday night, in a practice game at San Mateo, the Sequoia Union High School basket ball team was defeated by the San Mateo high school team with a score of 40 to 9. In the first half, San Mateo ran up a score of 25 to 1; in the second, Sequoia held them down to 15 to 8. The game was interesting throughout and considerable credit is due the boys of Redwood City. This was their first game. Despite the fact, they acquitted themselves well, played a clean game, quietly submitted to all decisions, and took their defeat in the proper manner. Of course, it is the intention to put in a great deal of practice from now on, and there is no question that in later games of the season Sequoia will have no mean place.

COUNCIL PROVIDES FOR STREET WORK

Final Order for Extensive Street Improvement in Dingee Park is Made.

NO PROTESTS WERE OFFERED

Native Daughters Ready to Resume Work of Improvement of California Square.

Unless all signs are misleading, it is safe to predict that the opening of the next Spring will witness the actual commencement of a decidedly extensive system of street improvement, much of which will be of a permanent character, in this city. Such was the trend of the expression at the meeting of the City Council Monday evening, at which all of the Trustees except Hynding were present. The opening of this will be the comprehensive system of street work for the Dingee Park district, the final order for which was passed at this meeting.

After reading of the minutes by Clerk Plump and their approval, the first business was the presentation of the monthly reports of the City officials.

The report of Treasurer F. K. Towne shows that in the water extension fund the expenditures for the month were $697.51, leaving a balance on hand of $12,336.65. In the general fund the receipts were $3,731, and the expenditures $2,865.56, leaving a balance of $7,851.38 on hand.

According to the report of City Clerk Plump, the receipts through his office were as follows: For water connections, $60.00; sewer connections, $30.00; liquor licenses, $2,625.00; beer licenses, $30.00; merchants licenses, $198.00.

Marshal Christ reported that the water department collections amounted to $661.90. There are 30 vacant houses.

A communication was presented by Robert T. Duncan & Son, stating that a client intended building on lot 48 of the Reese tract, on Redwood avenue, near Hawes street, and asking that water mains be laid to that point. As this would necessitate the laying of about 3000 feet of pipe, at a probable expense of over $2000, through a sparcely settled section which gave but little sign of improvement at present, the Board declined to act.

The report of W. J. McGarvey, the expert employed to examine the books of the city officers was presented and laid over for future consideration without reading.

L. Jensen complained that the license fee on bowling alleys was exhorbitant and asked that it be reduced. The Trustees failed to see it in that light and no change was made.

In a communication, the members of Bonita Parlor, N. D. G. W., announced that they were ready to resume the improvement of California square. On motion of Trustee Rice they were requested to submit an outline of their plan and estimate of cost.

Mrs. C. Ayers presented an application for a class A liquor license for the Tremont House. As there were some informalities in the application it was returned for correction.

The bond of G. J. Liguori, guaranteeing the collection of garbage was approved and filed.

The Trustees then proceeded to the further consideration of the improvement of streets in improvement districts Nos. 13 and 14, this being the time set for the hearing of protests. Attorney Hall Ross presented affidavits showing the legal posting and publishing of notices. No protests were made in either district. Attorney Ross then presented final resolutions approving the assessment and ordering the work done, which were adopted.

Chairman Merrill informed the Council that he had filed with Col. Biddle, of the War Department, maps of the location of the proposed new bridge over Redwood Creek. Before the application can be acted upon it will be necessary to file copies of the plans of the bridge, showing the width of the draw span and general construction. Colonel Biddle appreciated the necessity for the bridge and there appears to be no danger of opposition.

On motion of Trustee Beeger, the Clerk was directed to advertise for bids for laying water mains to connect with the new reservoir. This will require the laying of about 7000 feet of pipe on Brewster [illegible] Broadway and the County Road.

The Trustees are evidently weary of the dilatory methods of engineer F. W. Waggoner, who was employed to prepare plans for the proposed storm sewer in Chestnut street. The Clerk was directed to notify him that his report must be in by the next meeting.

The city attorney was instructed to draw up an ordinance making it a misdemeanor for teams or other conveyances to drive over fire hose.

After some time spent in a general discussion of methods of street building, during which it was evident that the Trustees were becoming more favoradly impressed with the reinforced concrete pavement, an adjournment was taken to Thursday evening. A report of this portion of the meeting will be found on the third page.

Co-Operation

We think we are justified in asking the co operation of the public to the extent of holding toward us a friendly spirit in considering our problems and dealing with personal and municipal questions which affect us.

The co-operation which we desire is not the kind which would perform our work for us or lift our responsibilities from our shoulders. Rather it is the same appreciation and encouragement which is accorded any worthy commercial enterprise whose labor and ambitions help to make the city great.

A city cannot get along without utilities, nor can the utilities exist without the city. They are mutually dependent. A gas company that does not do its utmost towards developing its city is working against its own interests; likewise a community which fails to co-operate with an EFFICIENT public service company sacrifices its own welfare.

On this point the Railroad Commission of Wisconsin, an absolutely disinterested body, has said: "The relations between the cities and the utilities operating therein should be harmonious. There mut be co-operation rather than agitation. No one, it would seem, has anything to gain by the financial failure of public service corporations which are conducted and operated under ordinary or normal conditions.

"Losses to such plants are, in the end, likely to result in both public and private injuries. It usually means poorer or depreciated service, which of itself is a very important item. Even if it should enable cities to acquire title to their utility plants at comparatively low cost, such acquisition is not likely to prove a popular one in the long run.

D. E. O'KEEFE, Editor and Proprietor

Redwood City is still waiting, with what patience it can, for those promised improvements in its telephone service. There certainly is an abundance of opportunity for betterment.

The local merchant helps to build up the city and every dollar spent with him means a betterment of the conditions of home business. Dont go away from home to spend your money and then expect your own town to flourish.

The Supervisors should compell manager Jim Coffroth of the Sunshine "Athletic" Club to submit to local police control or surrender his license. This class of "amusement," at its best, can only be tolerated, and there is no excuse for attempting to supplant the supervision of the Sheriff's office by the importation of a lot of San Francico police thugs.

A Philippine newspaper deprecates the plan of depleting those islands of working men for the benefit of the planters of Hawaii. It argues and correctly too, that the first duty of the Philipino is to stay at home and help develope his own country. This would not be a bad doctrine to inculcate in the minds of the Japanese, who are overrunning the Pacific Coast.

Time to Call a Halt.

The petition against the conduct of the San Francisco police at the prize fights in this county, that was presented to the Board of Supervisors last Monday will in all probability result in the commencement of a campaign against the North End fights and gambling. The people of this county have put up with this business long enough and the promoters, gamblers and others have reaped a rich harvest just because we are "easy" enough to tolerate them. The County has gained a far reaching notoriety by the disgrace that the outside newspapers have been forced to put upon us on account of the gamblers, prize fights and others because we let them, use us for their own gain, and we receive nothing in return but abuse and a bad reputation.

The prize fight held at the Mission Street arena last Saturday, between Jack Johnson, a 200 pound negro and Stanley Ketchel, a lad weighing about 160 pounds, was the biggest fiasco ever perpetrated upon the public in the way of a fight. Any person with a grain of common sense could see that the whole play was cut and dried, and perhaps if the actors had had a few rehersals the show would not have been so "raw." Johnson is a poor actor, but the audience of eight or ten thousand men and some women paid their $40,000.00 gladly to see him make fools out of Ketchel and themselves.

The San Francisco mounted police who are hired to ride down and club the unfortunates who cannot get out of their way, should have their stars taken from them, and it is strange that some of them have not been shot by their victims, who would be perfectly justified in giving them some of their own medicine.

J. W. Coffroth has been cited to appear before the Board of Supervisors on November first, to explain the actions of the San Francisco police, and he should also be called upon to explain why the people who buy tickets to his fights can seldom get the seats that they pay for, and why in many cases last Saturday men who had bought tickets for $2 seats from scalpers and paid $5 for them, could not get to see the fight at all.

San Mateo County residents should get together, now that some one has started the Crusade, and wipe this digrace off the map—or know the reason why the same is tolerated.

If the San Mateo County officials cannot protect us—either get more officers or remove the cause of the necessity for them.

Fair a Great Success.

The ladies' festival in aid of the convent closed Monday evening with the drawings for the various prizes. The festival was a great financial and social success and Father Sullivan wishes to thank all who contributed to the cause. Next week a statement of the receipts will be published. The following are the names of those who were fortunate in the drawing:

Mrs. C. Jones, gold watch No. 81.
Frank Roza, box of candy, No. 15.
Mrs. Stammer, shawl, No. 5.
Rose Mary Ryan, doll, No. 152.
Mrs. Shields, silk comforter, No. 240

The cord of wood donated by Joe Perry will be drawn for at the social Friday night.

A Great Musical Event.

It is with great pleasure we announce the appearance in our city of the foremost prima donnatists, T. H. Persse and Miss Edith Mason, in the new operatic comedy, "The Singing Bandits."

Mr. Persse and Miss Edith Mason were for a number of years connected with the best companies, including H. W. Savage, English Grand Opera Company, Grau, Tiorto, Catle Square Opera Company, Tivoli Opera Company, San Francisco, Idora Park Opera Company, Oakland and others too numerous to mention. Mr Persse is a tenor with an excellent voice, while Miss Mason is well know as one of the prominent prima donna sopranos in the United States

In the cast are such well-known musical people and singers as Miss Bernice Holmes, the well-known contralto, Miss Georgie Knowlton, the mezzo-soprano: Mr. Harold Reeves, the baritone, Mr Noble Grayson, the Basso; while the comedians will be in the capable hands of Mr.. Robert McKimm and Mr. Bert Phoenix.

The plot of "The Singing Bandits" is taken from historical facts in Italy tbout the sixteenth century and is filled with beautiful solos, duets, quartettes and bright up-to-date musical numbers, all of which were written specially for this production by Mr. Herman Perlet, the well-known composer and musical director.

The company carries its own scenery and is a fine production in every way.

The Persse-Mason Company in "The Singing Bandits" will appear at the Alhambra Theater on next Thursday evening, Octobed 28th.

Extra Trains for To-Night.

In order to provide for the accommodation of visitors returning from the Portola festival, the Southern Pacific has arranged for two extra trains for this evening. These will leave San Francisco at 10:30 and 12:30, and will be in addition to the regular night train.

CARLETON GRANTED A SALOON LICENSE

Supervisors Decline to Force the Burden of Menlo Contest On Individual.

NO CHANGES IN COURTHOUSE

Supervisors Believe Contractors Have Combined to Secure Excessive Prices for Raising Dome.

The supervisors held an important meeting last Monday. All the members were preent, except Coleman who asnswered roll call at the afternoon session of the Board.

A lengthy petition was read signed by H. O. Heiner and other complaining that the Sunshine Athletic Club owned and controlled by one James W. Coffroth, maintains a squad of mounted police at every prize fight held at his arena near Colma and the Country officers have no power and are unable toh protect the interests of the people of the county. The petitioners asked that the license issued to Coffroth be revoked. On motion of Blackburn seconded by Francis the petition was accepted and Monday, November 1st, fixed for the hearing of the petition. Coffroth was cited to appear at that time.

The communication of John J. Read asking for a portion of the insurance on the new Courthouse was ordered filed.

The O'Brien Construction Company sent a communication informing the board that the Rainey-Phillips company had not yet repaired certain damages done by them to the courthouse dome.

Mr. Nealon of the company addressed the board stating that it was necessary to have the repairs made at once in order to go on with the building.

McKenzie, the superintendent, said that Mr. Phillips had made arrangements to do the work and no further action was taken.

A communication was received from Engineer Rogers of the Ocean Shore railroad in which it was estimated that the San Pedro [illegible] road could be cleared of the landslide of last winter for $1855, or 35 cents per yard. It was recommended by the engineer that at least $2000 be appropriated for the work. The communication was accepted and filed on motion of Blackburn, seconded by McEvoy.

A report was received from Public Administrator Plymire accounting for the personal effects of certain deceased persons.

The application of A. J. Carleton for a liquor license to conduct a saloon at Menlo Park was taken up. Jas. T. O'Keefe appeared for the applicant and stated that Mr. Carleton was notin the combination of saloon men to test the validity of the new law. He had no money to enter such a combination and stood on his constitutional rights.He therefore asked that he be granted a license. He called the attention of the board to the fact that it had granted similar applications from Menlo Park and ought not make a test case of the present application. He suggested that the board might make a test of Charles Meyer's application that would come up at the next meeting.

Meyers was in the scombination.

Hall C. Ross made a storng speech urging the board to deny the license. By doing so that law could be tested in the courts and a speedy settlement ocould be reached.

J. F. Lanagan, representing the combined liquor interests of Menlo Park, stated that the saloon men wanted a speedy settlement of the controversy and he was satisfied, after having talked the matter over with the district attorney and Messrs. Ross and Ross, of the opposition that the best way to proceed was to resort to mandamus proceedings such as they suggested. The constitutionality of the law could then be determined in the upper courts.

Chairman McEvoy said that he desired to give every one fair play and in as much as other licenses were granted to Menlo Park saloon men no descrimination should be made on this occasion. He urged that the application be granted. On motion of Casey seconded by Francis the license was granted. District Attorney Bullock strongly protested against the granting of the license.

The application of Otto Berlinger for a transfer of his liquor license wa granted.

The application of D. Mc3weeney for a transfer went over for two weeks.

A communication was received from Dan McSweeney, of South San Francisco offering his services as one of the commissioners, and letters were read from Perry Eyre, J. D. Grant and W. H. Hooper, each agreeing to serve the county as commissioners providing that men are chosen who will act in harmony with them.

The letters were accepted and further consideration was postponed until afternoon.

In accordance with the published notice to contractors the following bids were received for the erection of two concrete arches and one trestle bridge:

For concrete arch at foot of Colma hill, First township: John Savage, $950; extra concrete, per yard, $11; to be completed in 60 days. T. C. Rice, $1209; extra concrete, $16 per yard; time 30 days.

The contract was awarded to Savage on motion of Casey, seconded by Blackburn.

Trestle bridge over Pomponio creek, Fifth township: P. A. Roussell, $645; John Savage, $600; R. M. Jones, $675.

The contract was awarded to Savage on motion of Blackburn, seconded by Francis.

Concrete arch to replace what is known as "Yankee Jim" bridge near Pescadero: John Savage, $1050.

Contract awarded to Savage on motion of Blackburn, seconded by Francis.
weeks.

The matter of the contract for the Pope street bridge was brought up by attorney J. D. Willard acting for Peter Suverkrup. District Attorney said the document was filed in Santa Clara County and no data was at hand. The matter went over for two weeks. Meanwhile the clerk was to get all necessary information from the County clerk of Santa Clara county. Suverkrup has a claim against Williams for $300 for gravel furnished on the work and he wants his money.

The clerk was directed to publish a notice calling for bids for installing the necessary poles, wires and lamps for Easton lighting district.

Coleman stated that M. F. Elving had laid water mains at Homestead without his permission and had left the road in bad condition. Mr. Elfving addressed the board stating that he was ignorant of the law, but would make any reasonable repair on the road in quesstion. He promised then to put up a bond of $100 to put the pipe in proper place and restore the road to its former good condition. Mr. Coleman was satisfied with this and accepted the proposition. The work is to be done at once and to the satisfaction of the road master.

The appointment of a Highway Commission was laid over until the next meeting of the board. A protest was received against the appointment of W. J. Martin of South San Francisco and same was filed.

Coleman was unable to settle the dispute between Herman Lavinbug and C. Stader regarding certain streets near Beresford and on his motion the matter was referred to the surveyor to report at the next meeting.

A resolution declaring certain streets at Granada closed in accordance with the petition of the Shore Line Investment company, was adopted on motion of Francis, seconded by Blackburn.

The following report, signed by Messrs. McEvoy, Francis and Blackburn, constituting the court house committee, was read:

We, your committee, to whom was delegated the advisability of raising the dome of the new courthouse twenty feet, would respectfully report as follows:

That on August 19th, a majority of your committee visited San Francisco and personally invited eight structural steel companies, five copper firms, two house movers, three plastering firms, four paint houses, two carpenter shops, and two art glass firms, with the result that on September 7th, 1909, your committee opened bids for the respective portions of the work, as follows: four bids for the steel structural work, the lowest of which was $6350.00; five bids for the copper work the lowest being $4772.00; two bids for the raising of the dome, lowest of which was $2200.00. For the plastering two bids were received, the lowest being $2593.00. Out of four bids for the painting $400.00 was the lowest. The carpenter work received two bids, lowest being $1400.00, and the art glass work had two bids the lowest for $1300.00, making a total of $19015.00, which added to the commission of the architect $950.75 and the exaction of the present contractors, the J. J. O'Brien Construction Co., for their permission to grant to the other contractors the right for them to enter upon the work, the sum of $1901.50, making a grand total of $21867.25, which in the opinion of your committee is deemed excessively high, and while we have received many bids we nevertheless feel that there has been an understanding among the bidders to bid high. This is very palpable from the carpenter work, where the lowest bid was $1400.00, and in the opinion of your committee $100.00 would be a very good price, but this is only a minor matter as compared with the exaction of the J. J. O'Brien Construction Co., who demands ten per cent of the aggregate of the several bids, which amounts to $1901.50. This we believe would be a wanton waste of the public money. There is no reason to give this company $1901.50 for nothing, other than their greedy demand. They could well afford to say to the people under their contract "We will give you free permission to go on with the raising of the dome."

It is the conclusion of your committee that it is far better to wait until the building is completed, and the taxpayers will not then be compelled to pay for a privilege which is justly theirs.

For these reasons we recommend that the raising of the dome be postponed until after the building is completed.

Same was unanimously adopted over the strong protest of J. C. Nealon of the O'Brien Construction company.

Architect Allen recommended certain changes in the courthouse. They were not accepted and it seems to be the desire of the board to make no further changes.

Frances Shay, an indigent person of the third township, was allowed aid in the sum of $8 a month.

A resolution was presented by McEvoy and adopted directing the Auditor to withhold the warrants of the sheriff and district attorney if they fail to attend the meetings of the board. He was also directed not to issue any salary warrant to any county officer who fails to report to the board on any subject referred to him for a report for a greater period than 30 days.

Building and Loan Association Confidence Tabloids.

Let there be less of heads and more of joining hands in pledge not to let the wheels of properity stroll back a foot more than is necessary for safety

The man who cannot carry into his place of business some element of hopefulness had better take a day's vacation, by visiting some unfortunates worse off than himself, and then go back to his work feeling that he has reason to be ashamed of himself. Do not be a sinker, but help to keep things afloat. Be a corker.

In nine cases out of ten, when "the times are out of joint," it's you, mainly, that is out of joint. You need a straight-out talking to, by somebody who is large-hearted enough to love you with all your faults, and courageous enough to fire the truth at you. It takes a soldier to stand up and face firing like that, but it's worth the powder if you can only find someone capable of doing the shooting. Every man's mental machinery needs dusting out semi-occasionally.

Men who sit in their office with their feet up on a table crying hard times, are among the chief contributors to hard times. If most people were of this disposition, hard times would be perpetual. Good times spring from vigorous, confident work. There is an uplifting spirit in the annual statement that we issued last June, showing as it does an increased volume of business and a steady rate of profit. The next semi-annual statement to be issued December first will be of like import with a larger increase of the Reserve Fund.

Knicker—What do you consider the best financial policy?

Bocker—The closed mouth and open bank—New York Sun.

We beg to differ. The best financial policy is to get all the profit you can with perfect safety, and the limit of good goods is the certificate of stock issued by the San Mateo County Building and Loan Association which pays 8 per cent interest compounded semi-annually upon maturing shares, and 6 per cent compound interest upon all shares withdrawn before their maturity. That is: any shareholder can withdraw at any time the full amount that he has paid into the Association, together with 6 per cent interest there on up to the date of the last semi-annual accounting.

See the secretary at 48 Broadway and he will tell you all about it.

Death of Popular Citizen.

The death of Edward Donohoe in San Francisco Wednesday morning has caused wide spread sorrow here where he was so well known and where he had spent the greater portion of his boyhood. Mr. Donohoe while coming from San Jose to San Francisco last Sunday evening in an automobile met with an accident. The steering gear of the machine gave way and he was precipitated heavily to the ground suffering a fracture ofa the skull. He lingered until Wednesday morning when he died without regaining consciousness. Mr Donohoe was a modest kind hearted man whose wealth made him humble and approachable by his fellow men. He would sooner chat with the laborer than with the millionaire. It is to be regretted that there are not more men of wealth in the world like him. Mr. Donohoe at the time of his death was cashier of the Donohoe and Kelly bank and one of its large stock holders.

BELL MARKS PADRE'S HIGHWAY

Impressive Ceremonies Mark Unveiling of Mission Bell on El Camino Real.

Simple, yet beautifully impressive were the services Sunday afternoon of the unveiling of a Mission bell in this city by members of Bonita Parlor, Native Daughters of the Golden West. In the exercises there was a blending of patriotism and piety, such as befitted an occasion of that significance. It was one of the fairest days of the year and hundreds stood in the warm sunshine and witnessed the interesting ceremonies. The Native Daughters and Native Sons met at Odd Fellows' hall and headed by the local band marched to the scene of the unveiling at the junction of Mound street and the County road. Automobiles preceded the marchers in which rode the visiting guests of Bonita Parlor and the members of the Society of San Mateo County Pioneers, a mere handful of what was once a flourishing organization.

The exercises were begun by a brief address by James V. Neuman who welcomed the assemblage on behalf of the Native Daughters. Mr. Neuman then called upon Rev. Father Sullivan who, clad in his vestments, read the prayer of dedication. In conclusion he said "I dedicate this bell in honor of St. Francis, the founder of the Franciscan Order, of which Father Junipera Serra was the representative in California" The bell was then unveiled by Misses Helen Coleman and Carrie Read and for the first time it was rung.

Past Grand President Eliza D. Keith who is active chairman of the Committee on Promotion, Publicity and Historic Landmarks and through whose efforts the order of Native Daughters entered upon the work of placing Mission bells on El Camino Real, made the address of the day. Miss Keith's oration was one of the best heard in this city. She showed a familiarity with the historical side of her subject and spoke with so much fervor that the years with which she dealt melted into moments and her audience was carried back to the old days of a century or more ago and lived among the scenes that she so ably and fervently pictured.

She said it was most appropriate that Redwood City, through which Portola had passed on his way northward, should usher in the ceremonies of Portola week by the erection of one of those mission bell sign posts that now mark the highway from north to south over which the patient, faithful fathers of the church trod in their work of christianizing the country. She gave a comprehensive review of the work of the Franciscans in California and paid them a high tribute as the pioneers of this western land. The speaker rapidly sketched the march of events from ancient times, showing how the Moors conquered Spain, taught the Spaniards the art of architecture, of agriculture, and various industrial arts which by the mission of the Spanish padres were to be brought to these shores and to lay the foundation of this great commonwealth. Miss Keith spoke at length of our indebtedness to those missionary fathers who first raised the cross in California and said that many of the trees and flowers and fruits now so plentiful in this state were originally brought here from Spain by the fathers and by their hands wedded to our soil. She paid a high tribute to St. Francis, the great reformer, the apostle of the poor, the friend of the masses, and said that through their vow of perpetual poverty the Franciscans, acting as the almoners of the wealth of others, had enriched the world by giving the world our fertile California, demonstrated by their efforts of success to be a land overflowing with milk and honey. Miss Keith referred to the distinction that California enjoys in being the spot where the two streams of civilization met each in its journey round the world—the Russian or eastern Catholic church crossing from Siberia and coming down the coast to Fort Ross and the Roman Catholic church progressing westward and northward as far as the last mission in Sonoma, making Tamalpais with the old mission of San Rafael Arcangel the buckle in the belt with which Christianity has girdled the world.

Miss Keith gave a brief account of the founding of a mission, calling attention to the fact that Father Serra set up a rude altar under a tree and hung his church bells over the altar and with them aided by his voice called upon the natives to come to the religion of Christ. She showed the appropriateness of marking the footsteps of the padres with a sign post that not only pointed forward but which looked backward to that past and surmounted by a mission bell as symbolic of the faith and zeal and the loyalty of those holy men. She paid a tribute to Miss Agnes Manning, now passed on, a pioneer schoolteacher of San Francisco, who with Father Cassanova of Monterey, first advanced the idea of restoring the missions of California. She praised the patriots of the southern part of the state for what they had done to secure recognition of El Camino Real and to mark its course upon the surveys of the state roads. To Mrs. A. S. C. Forbes of Los Angeles Miss Keith gave a tribute for giving to California the idea of the mission bell sign post and for inviting the Native Sons and Native Daughters of the Golden West to join in the privilege of erecting these memorials of the work of the fathers. Among the points that distinguished the work of the padres singled out for special mention were their training of the Indian converts in the arts of peace, in the industrial arts, in home making, in agriculture, in irrigation, in forestry and horticulture. Miss Keith took pride in stating that the decay of the missions and the despoiling of their riches could in no way be laid at the door of the Americans, but showed that it was the result of Mexican politics. In conclusion she thanked Father Sullivan for his part in the services, saying that by the impressiveness of the blessing of the bell he had emphasized the fact that the first colonization of California was under the blessing of the church and in the name of God and urged all present to emulate those holy fathers in their zeal, in their work, their loyalty to their country and their devotion to God.

William Lasswell, a horyheaded county pioneer, whose residence here dates from the earliest 50's, recited the following original poem:

One by one the sands are run,
One by one tocsin's calling,
One by one life's threads are spun,
One by one the sires are falling.

One by one the worthy matrons
That crossed the plains or rode the waves,
Have dropped their mantles on their daughters
As they passed to honored graves.

One by one the paths have faded
Where the sturdy woodsman climbed
To lofty peaks by forest shaded
To fell the virent and the pine.

One by one the camps have vanished
Where the click of mallet rang
And the well-used frow was brandished
As the trees their anthems sang.

One by one the valley's changing,
Vast expanse of fruit and grain—
Of the old-time padre's grazing
Meager samples but remain.

One by one the modern means
Have encroached on primal right,
And the buzzing of "machines"
Put the vanguard all to flight.

One by one the bovine herds
That scanned the plains with vicious stare
At stranger forms and stranger's words,
Have hied them to to their final lair.

One by one the little vaquero,
Mounted on his bronco steed,
Has passed away to that repose
Accorded by his well-earned meed.

One by one the squatter's shacks
Were shaded by the palace domes,
And the cabins farthest distant
Have become our rural homes.

One by one the teamster's carrol,
Echo of the early day,
Long ago has ceased its music
And left the auto right of way.

One by one man's fondest dreams
Are dissolved by Death's cold wave.
His greatest triumphs only seem
The reward of true and brave.

Mr. Neuman then called upon Mayor Geo. A. Merrill to accept the bell on behalf of the citizens of Redwood City. Mr. Merrill responded in his usual happy vein. He classed himself with that lucky part of the community chat was not California born—but which had adopted this state as its home.

"We have here in California" said Mr. Merrill, "a blending of the best elements of civilization, of which the spirit of the old Spanish missions is one that we should cherish most. Therefore, the placing of these bells along the El Camino Real must not be looked upon as a mere passing whim such as the Belgian hare craze a few years ago.

"We say of the New Year bells that they ring out the old and ring in the new; of these silent Mission bells we may say that they ring in the old and let us hope that they may also be the means of ringing out some of the new, for undoubtedly in the blending of these various elements of civilization that I have referred to we have unfortunately retained some of the bad elements along with the good. There is no greater service that the sons and daughters of California, both the adopted and the native born, can render their state than to see to it that the bad elements in our political and social fabric are more completely eradicated, and only the good conserved. In that noble work let us here and now assure the rest of the state, through their representatives here, that we of Redwood City will do our part; in the words of Lincoln, made appropriate here in the shadow of yonder graveyard, 'where the rude forefathers of our hamlet sleep.' let us dedicate ourselves to the unfinished work that the Mission fathers so nobly began.

"In accepting this bell on behalf of the Town of Redwocd City, I feel safe to say that the good people of this community will see to it that this symbol of peace and good will, placed at the southern portal of our city, will ever mark the gateway of one of the fairest cities of California—a city of civic purity and the abiding place of a happy and contented people".

Rev. Father Sullivan made a few appropriate remarks in which he expressed his pleasure in participating in the exercises and also complimented the Native Daughters on their spirit of patriotism in preserving the memories of the early padres who prepared the way for civilization in this country. He said that it was but just and proper to give honor to whom honor is due and that the Camino Real bell will serve as an object lesson to future generations and testify to the spirit of self sacrifice of those hardy pioneers of the cross who braved the most adverse conditions in their endeavors to secure for us the happiness of the land of sunshine and flowers. He said that the early missionaries were not animated by selfish or commercial motives but by a spirit of Christian charity and that it would be well to keep alive that spirit in our civic and social orders and not dwarf their energies by confining their efforts to personal advancement. The tendency of the age is to forget the past and to overlook the labors of our early pioneers.

Gratitude is a virtue which knows no church or creed and should be a common point of union for all.

Laura D. Frakes, the grand secretary of the Native Daughters closed with a short address, after which all sang the hymn, "America".

The post on which the bell is hung bears the following inscription: "Erected by Redwood Parlor, No. 66, N. S. G. W., and Bonita Parlor No. 10 N. D. G. W., October 17, 1909. El Camino Real, 30 miles to Mission Dolores; 18 miles to Mission Santa Clara."

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Ailes and Ills of Redwood City People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Redwood City cures are the proof.

Fred Haussler, 101 Stambaugh st., Redwood City, Cal., says: Doan's Kidney Pills are certainly worthy of the highest praise My kidneys did not seem to act properly and the secretions were very unnatural When Doan's Kidney Pills were brought to my attention, I procured a box at P. A Ryan's drug store. The results of their use were most satisfactory. I advise anyone suffering from kidney trouble to give Doan's Kidney Pills a trial.

For sale by all dealers. Price 50 cents. Foster-Milburn Co, Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
